MEMORANDUM FOR: Mr. William E. Colby

Bill:

Attached is the schedule for the first running of the Senior Seminar together with copies of a pair of papers which will provide the background for this new course. As I mentioned earlier, I think you might find individual elements of the course interesting to audit. One such is the first segment of "Youth Day", Tuesday, 2 November, at which the speaker is to be a young man who is understood to represent well critical attitudes of youth on the subject of the establishment.

MEMORANDUM FOR: Mr. William E. Colby

Bill:

As you know, the first running of the Senior Seminar begins next Monday. You also know that OTR is attempting to make the Seminar both broad in scope and, in appropriate areas, provocative. Attached is a copy of the schedule as it was firmed up on the 10th of September. Although I am sure there are many parts of it that you will find interesting, I'd like to call your particular attention to the presentation to be made on the 2nd of November, about which the Director of Training had this to say: "The speaker is [redacted] a 1971 college graduate who is the son of [redacted] [redacted] of OCI. David represents, or at least portrays, the views of a fairly radical youth and is quite provocative in his articulation of critical attitudes of today's youth against the 'establishment'. The purpose of this presentation is to provide an opportunity for the Seminar participants to hear at first hand radical views and behavior of a type which they may have occasion to experience unexpectedly from younger people whom they supervise. [redacted] made a similar presentation last year at the Naval War College which [redacted] [redacted] of the Senior Seminar Staff attended. In order to maintain an element of surprise and not to publicize his status as an Agency dependent, we have not identified [redacted] in the schedule."

MEMORANDUM FOR: Mr. William V. Broe

Bill:

Attached is a copy of the schedule for the first running of the Senior Seminar. We believe that in your new prospective you might wish to audit one or more of the course sessions. I would suggest that you consider the first part of Youth Day, 2 November, at which the speaker is to be a fairly "radical" young man who is understood to state very well the critical views of his generation on the subject of the establishment.
